

PRESS RELEASE

FOR IMMEDIATE RELEASE June 16, 2011

WATER MAIN IMPROVEMENT CONSTRUCTION TO BEGIN IMMEDIATELY AROUND ARCATA

The City of Arcata has contracted with Ariza Construction of Redding, CA, to make water main improvements in various locations around the City. Locations include Lincoln Avenue, Center Street, C Street between 10th and 13th Streets, 10th Street between C and D Streets, and 12th Street between B and D Streets.

The work will include water mainline replacements and service lateral replacements. Temporary roadway closures and detours will be necessary. Water service disruptions will occur and affected property owners will be notified at least 48-hours in advance of construction. Following the repaving of the waterline trenches, the City Public Works Department will do maintenance work on the asphalt roadway by applying a thin lift overlay across the width of the street.

On the days of scheduled work, please follow all directions and traffic control devices within the project area or plan on using an alternate route to allow completion of this necessary work. The work will begin immediately and will be completed by July 10, 2011.

If problems are encountered, please contact Sierra National Construction dba Ariza Construction at (916) 481-6792, or the Arcata Public Works Department at (707) 822-5957.
