

## Criteria for the Bathroom Design

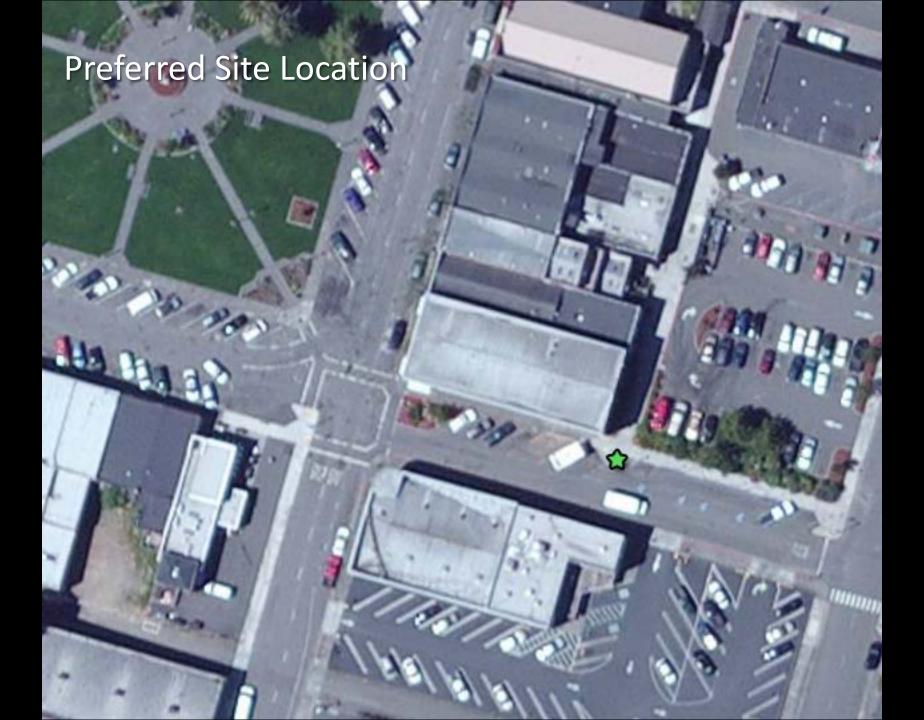

- Visually Aesthetic to the Site
  - Beautiful Art (tiles / metal work?) outside inspires pride
  - Located in an open airy region, not hidden, dark or scary
- Maintenance
  - Easy to clean
    - No Mirrors
  - Drains within unit to center hole
  - Built of sturdy materials fireproof
    - Possibly modular for easy replacement
- Design Details
  - One common hand washing station outside the facility
    - Minimal structure tied into the aesthetic design
  - Grill placed along the bottom of the stall for airflow
  - Natural daytime lighting with LED fixtures for nighttime

### Potential Funding Ideas

- Special Event Permit Adjustments to possibly provide maintenance funds
- Businesses help to support it with sponsorship tiles, or yearly donations
- Maybe Fire Arts can make ceramic toilets as donation jars for business in town?
- Increase the TOT?
