

If you live in Northern California, you live in Earthquake and Tsunami Country!

Find out how you can protect yourself and your family before the big one strikes.

What you know can protect your family from tsunamis, too.

Come to our free class:

***Living on Shaky Ground:
How to Survive Earthquakes and Tsunamis in
Northern California***

Tuesday, February 7th — 6:00-8:10PM

**Arcata Community Center — Senior Room
321 Community Park Way, Arcata**

Open to the public, but seating is limited

Please call 499-0754 to reserve your seat

Presented to the community in the interest of public safety and community preparedness by the City of Arcata, the California Emergency Management Agency, and Humboldt State University's Regional Training Institute — Community Disaster Preparedness.
