Age: 30

Occupation: Small Business Owner

Hey there, my name is Raelina Krikston. I am a small business owner and community member here in Arcata since 2016. I believe it is important to preserve the community that makes Arcata so special. One of the most important ways to ensure a thriving, diverse community is through equal and affordable housing, renter protections, and provisions to ensure we can meet the needs of our most vulnerable populations and the growing student body. Let's keep Arcata affordable as we grow and change in the future.
