# SPECIAL EVENT INSURANCE REQUIREMENTS

---

Except as otherwise prohibited by law or in the event an exemption is obtained from the City Manager as set out in Resolution 112-36, the permittee shall, as a condition precedent to the effectiveness of the permit, procure and maintain in full force and effect during the term of the permit a policy of insurance from an insurance company meeting the requirements of the City's insurance pool and authorized to do business in the state as follows:

Event organizers must have liability insurance for **no less than two million dollars (\$2,000,000)** naming the City of Arcata as additionally insured, with an endorsement stating that the event holder's insurance is **primary**. This insurance can be met using one of the 3 options listed below. If alcohol is sold at the event, the event holder must also have liquor liability insurance, for which the City is also added as additionally insured.

1. **Certificate of Insurance & Endorsement** The required insurance certificate and endorsements must be executed by your insurance carrier on required City forms *or* your carrier may submit their company forms as long as they contain the language below and are completed as indicated on the City forms.
  - a. **Additionally Insured Language:** "The City of Arcata, its elected or appointed officers, officials, employees and volunteers – 736 F Street, Arcata, CA 95521".
  - b. **Description of Operations / Premises:** Provide a description of the operations, location and dates of the event. "Operations" includes the named insured's products.
  - c. **Primary Language on Endorsement:** This insurance shall be primary as respects the insured shown in the schedule, or if excess, shall stand in an unbroken chain of coverage excess of the Named Insured's schedule underlying primary coverage. In either event, any other insurance maintained by the Insured schedule above shall be in excess of this insurance and shall not be called upon to contribute with it.
  - d. **Cancellation Language:** The insurance afforded by this policy shall not be cancelled except after thirty (30) days prior written notice by certified mail, return receipt requested, has been given to the entity.

Certificates and Endorsements may be faxed to The Recreation Division Office,  
Fax # (707) 825-2118.

Mail original documents to the City of Arcata-Recreation Division, 736 F Street, Arcata, CA 95521

2. **Special Event Insurance from HUB International or Gales Creek:** If your non-profit does not have an insurance carrier or if your insurance carrier cannot meet the City's insurance requirements, HUB International and Gales Creek offer Insurance to event holders designed specifically for municipalities. Depending on the size of the event, issuance of this insurance can take one week or more to process.
3. **Humboldt State University Clubs or Sports Organizations:** The City of Arcata has agreements with Humboldt State University, which includes insurance coverage for the use of City premises and sports fields by Humboldt State student clubs and sports organizations. To apply for this coverage contact Michael Burghart, at the Humboldt State University Office of Contracts, Procurement and Risk Management (707) 826-5746, to find out if your club or group qualifies for this coverage and if so, request a letter of permission for the use City premises per agreement with the City of Arcata.

✓*Smart Tip:* Do not wait to contact your insurance carrier. It is generally the insurance that holds up a permit. Be certain when you submit your request for insurance certificates and endorsements that your carrier receives the above provisions and copies of the City's sample insurance forms and requirements for use of public property. The City cannot accept certificates without the exact wording as indicated on the sample forms and the "Primary" language on the endorsement. It is the event organizers responsibility, not the City department processing the application, to work with your insurance carrier to ensure these requirements are met.

### Rules and Regulations Governing the Use of City Parks, Buildings and Grounds

#### DEFINITIONS

“Spontaneous” activities or events means any activity or event for the purpose of expressive activity which is occasioned by news or affairs coming into public knowledge fewer than 48 hours prior to any such activity or event. All other activities or events are considered “non-spontaneous” events or activities.

If practicable, the organizers of any spontaneous activity or event shall give notice to the City Manager’s office at least four hours prior to the activity or event, informing the City Manager’s office of the date and time of the event and providing an estimate of the approximate number of persons who will be participating.

“Expressive” activity means conduct, the sole or principal object of which is the expression, dissemination or communication by verbal, visual, literary or auditory means of opinion, views or ideas. Expressive activity includes, but is not limited to, public oratory and the distribution of literature.

#### PERMIT REQUIREMENT, DEPOSITS AND FEES

1. Permits are required for non-spontaneous activities and events as specified in the Arcata Municipal Code AMC section 10006.
2. All remaining event requirements and estimated fees are due and payable 30 days prior to the scheduled event. Permittees are responsible for all fees and expenses actually incurred by the City for the event, including additional cleanup or repairs required to restore all facilities used by the permittee to their original condition, except that no permittee shall be required to provide or pay for the cost of public safety personnel to provide for the protection of the event or activity and its attendees from hostile members of the public or counter-demonstrations, or for general law enforcement in the vicinity of the event. City departments shall submit final invoices and billings for department charges to the permittee no later than 20 working days after the expiration date of the permit. If the estimated fees and deposit paid by the permittee are less than the final charges, the permittee shall pay the difference to the City within ten (10) working days of being invoiced for such charges from the City. If the estimated fees and deposit are in excess of those actually incurred, any amount remaining will be refunded to the permittee. Assuming compliance by the applicant with all post-event activities, the City shall endeavor to return unused deposit and estimated fee amounts within 30 working days after the event; unusual circumstances may require a longer time period to process the return of unused fees and deposits.

An applicant seeking a permit to engage in an activity or event involving expressive activity on the lawn in front of City Hall shall not be required to pay any fee, deposits or estimated fees. All other requirements and obligations set forth in the Arcata Municipal Code and herein apply, including the requirement that the applicant procure insurance except as otherwise prohibited by law or in the event an exemption is obtained.

4. # City of Arcata Major Event Waste Diversion & Stormwater Protection

On September 9, 2004 the Governor signed State Law AB2176 requiring large event sponsors to provide written documentation to the City outlining the event's waste reduction, reuse & recycling strategies. The City is required to provide this information to the State annually. To help meet these new requirements, we have enclosed the following waste diversion information. We hope your organization will find this useful in planning your next event. The Arcata Resource Recovery Center & the Arcata Garbage Company are aware of these changes in the law & are ready to work with you to help reduce solid waste.

## Waste Diversion Opportunities

- **Request Vendors packaging & serving materials reduce waste.**  
Ex: limit packaging for customer transport; choose washable dishes & silverware when possible.
- **Encourage purchase of compostable, reusable, recycled-content & easy-to-recycle products whenever possible.** Ex: Plastic cups with a #1 on the bottom are recyclable.
- **Use City containers for public recycling of glass, plastic & aluminum bottles & cans (Contact Environmental Services Department 822-8184).**
- **Utilize Cardboard & Container Recycling services from Arcata Garbage Company (822-0304) or Arcata Resource Recovery Center (822-5156) to recycle glass, plastic, chipboard, tin cans & paper.**

State law requires you to provide the City the type and weight of materials recycled, reused or diverted, as well as the weight of trash disposed from your major event. Please feel free to contact Julie Neander in the Environmental Services Department (822-8184) if you have additional questions. The **Major Event Recycling & Waste Diversion Plan & Tracking Forms** are included to assist your reporting efforts.

## Stormwater Protection Practices

The City is also required by the State to protect water quality in creeks, streams and Humboldt Bay. All the storm drains in the City flow directly to creeks with no treatment. Therefore, we are requiring major events to provide water dumping containers that can be ordered from local Porta-Potty services. Please make sure all vendors know to use these containers and not to dump water or any other materials on the streets, sidewalks or other areas of the Arcata Plaza.

## Wastewater, Waste Cooking Fats, Oils and Grease, and Other Liquids

You must properly dispose of: wastewater; waste cooking fats, oil and grease; and other liquids **at all times**. Proper disposal of these liquid wastes includes one or more of the following:

- 1) Food Vendors off-haul their own liquid wastes for proper disposal; or
- 2) You (A) provide two adequately-sized, properly labeled, waste liquid containers for grey water / "dirty wash water" and "waste cooking fats, oil and grease"; (B) conveniently stage both containers near the Food Vendor area prior to the event; and (C) **remove containers by 9:00 a.m. the next business day following the event.**

Depending upon the size and scope of the event, liquid waste containers may be required. Waste containers should be located near the dumpster area on your site map. The event area must remain clean. The discharge of pollutants, like grey water and waste cooking oil, to the storm drain is a violation of the Arcata Municipal Codes.
