Hi David-

I just have a couple of process questions.

- 1) When will there be another updated version of the Gateway Area Plan draft that reflects/shows the removal of the K/L couplet?
- 2) In addition, the General Plan 2045's Circulation/Mobility Element still reflects the now abandoned K/L couplet under the sub-title for GAP draft circulation. When will this be updated as well to show the removal of the K/L Couplet?

The decision by the City Council on August 22nd, 2023 was more than clear and numerous reports in all the local papers reflect their decision.

Thanks in advance for clear information that shows the timeline/date for this change in an updated draft.

As usual please forward to the Council Members, Planning Commissioners, and post in the appropriate City's Agenda and Engagement Archives.

Regards- Chris Richards
