

Dana Quillman

The government helped to create the Covid-19 bio-weapon. Big pharma funds 70 percent of the budget of its regulators, the CDC and FDA. There was no good excuse to implement an Emergency Use Authorization which allowed unprecedented government overreach to enforce mandates. The definition of “vaccine” needed to be changed to include the experimental mRNA “vaccines!” Scientists and medical professionals that opposed the false narrative of the medical “mafia” were censored, vilified, lost jobs, and licenses. The government colludes with big-tech and establishment media to censor the public. Pfizer did not test the “vaccines” for transmission! Therefore, the destructive mandates were for nothing. There is no “double blind” safety testing done on vaccines, including those on the “childhood schedule.” There is no liability for injury and death from vaccines. Covid-19 mandates caused the biggest transfer of wealth to the richest and most powerful people in the world. Covid-19 was simultaneously the world’s greatest heist and the biggest crime against humanity ever committed.

Please, everyone stand-up with me for freedom! Please, stand-up with me against government corruption, censorship, and the globalist “new world order” goals, including any digital I.D. surveillance system and digital currency.
