

When your pet goes on the lawn,
remember it doesn't *just* go on the lawn....

Rain washes pet waste into storm drains,
which lead straight to our streams,
local waterbodies and the ocean.

SCOOP THE POOP!

Pet waste is full of bacteria and parasites
that make people, pets, and wildlife sick.
Always pick-up after your pets.

Seal it in a bag and put it in the garbage.
Never put pet waste in compost piles,
green waste bins, or the toilet.
