

City of Arcata

Redwood Forest Bird Checklist

Includes the birds species found in the
Arcata Community Forest, and Jacoby Creek Forest,
Humboldt County, California

The following list of 144 species was created by Camden Bruner in 2014.
Data came from sightings entered in eBird; Stanley Harris's *Northwest California Bird*
(2005, 1996, 1991); City of Arcata *Forest Management Plan* (1994);
Atlas of Breeding Birds of Humboldt County (Hunter et. al.);
and personal communications with many birders.

**Call the Northwest California Bird Alert at (707) 822-5666
to report or hear reports of rare birds!**

Abbreviations:

- A - Abundant;** occurs in large numbers
- C - Common;** likely to be found
- U - Uncommon;** occurs in small numbers, found with searching
- R - Rare;** expected in very small numbers, not likely to be found
- Ca - Casual;** several records, possibly may occur regularly
- Ac - Accidental;** 1-3 records, not reasonably expected to occur
- (F) - Flyover Only;** Bird species flies over the forest habitat, does not land

- Sp - Spring** (March - May)
- S - Summer** (June to mid-July)
- F - Fall** (mid-July through November)
- W - Winter** (December through February)
