

Community Charrette for Design Success

Old Arcata Road Improvement Project

Prepared for:

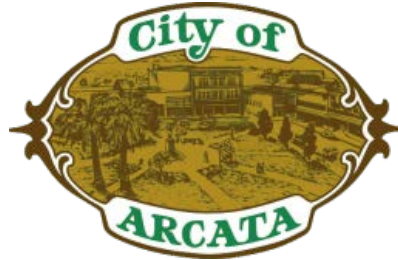

Prepared by:

May 2016

Project Team

J. O'Barr, PE
Project Coordinator

M. Foget, PE
QA/QC

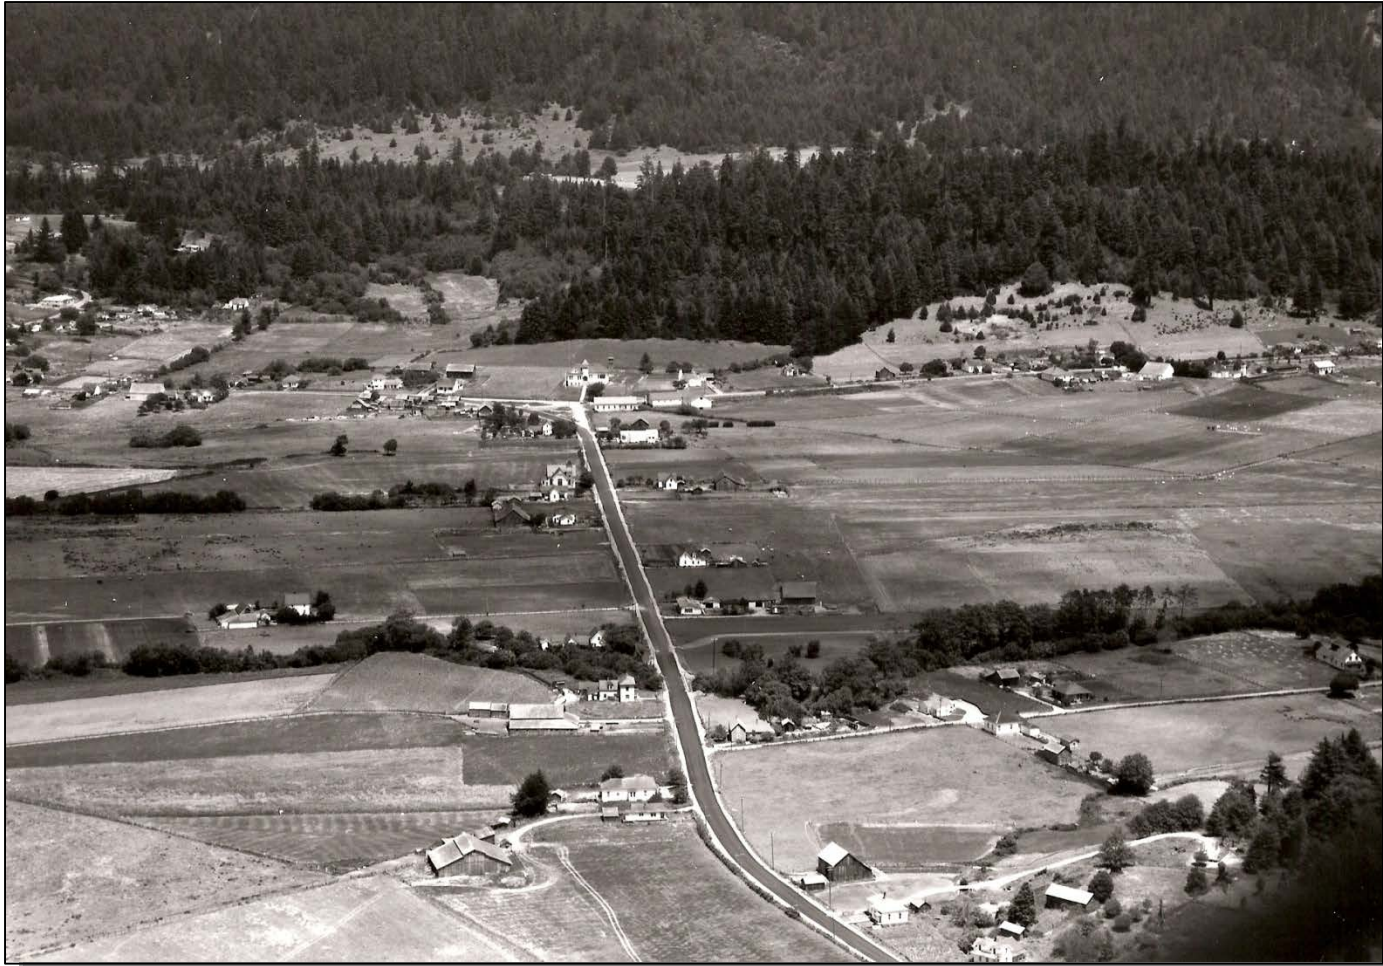

E. Sinkhorn
Charrette Lead

B. Brown, AICP
Planning/Permitting

R. Wenham, PE
Traffic Engineer

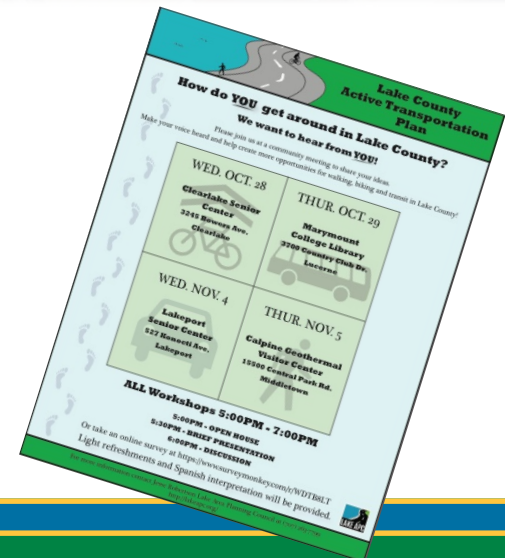

Preserving Bayside's Style and Character

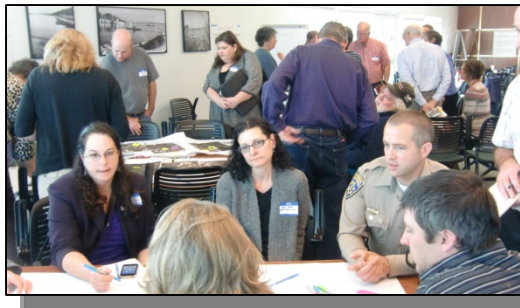

Design Charrette Goals

- Involve as many Bayside residents as possible throughout the process
- Provide multiple opportunities to get involved in the project (in person workshops, online surveys, walking tour of project area)
- Identify key values to guide the development of concept design alternatives

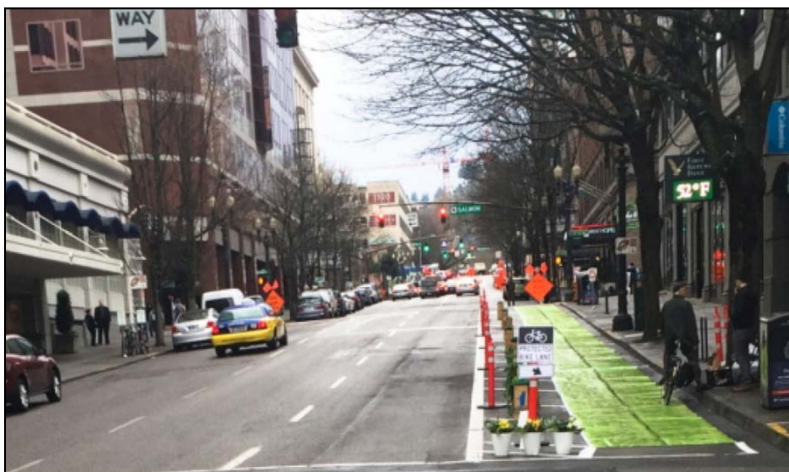

Kick-Off Community Workshop (Charrette Day 1)

Walkability Assessment (Charrette Day 2)

“Pop-up” Demonstration

Community Open House (Charrette Day 3)

- Solicit feedback on initial draft concept designs through a “pop-up” demonstration, Open House Workshop and online survey

How does all of this come together?

Proposed Project Schedule

		May	June	July	August	September	October	November	December
Refine Timeline, Manage Project	Meet with City staff								
	Refine schedule and project milestones								
	Manage project, monthly progress reports								
Collect and Evaluate Data									
Plan and Prepare Charrette and Outreach	Coordinate with City, create outreach materials								
	Prepare agenda and charrette materials								
	Hold 2 pre-charrette focus group meetings								
Lead Community Design Charrette	Hold Kick-off Community Workshop (DAY 1)								
	Organize walkability assessment (DAY 2)								
	Evaluate information in team work sessions								
	Lead the pop-up demonstration project								
	Organize Community Open House (DAY 3)								
Prepare Plans and Report	Meet with City for report outline								
	Write draft plan and report								
	Circulate draft plans and report								
	Prepare final plans and report
