Post LCP Certification Permit and Appeal Jurisdiction

City of Arcata

Permit Jurisdiction

This area includes only lands below the mean high tide line and lands where the public trust may exist.

Appeal Jurisdiction

This area includes lands between the sea and the mean high tide line, and the inland extent of any beach or the mean high tide line if there is no beach, whichever is the greater distance. Also included are lands within 100' of streams and wetlands and lands within 300' of the top of the seaward face of coastal bluffs.

California Coastal Commission

The map is a general plan of the area where the California Coastal Commission retains post LCP certification permit and appeal jurisdiction pursuant to P.R.C. §3063(a)(1) and §3060.3(a)(1) and (a)(2). In addition, developments may also be acceptable pursuant to P.R.C. §3060.3(a)(3), (a)(4), and (a)(5). If questions arise concerning the precise location or the boundary of any area defined in the above sections, the matter should be referred to the local government or the Executive Director of the Commission for explanation and information. This map may be updated as appropriate and may not include all lands where post LCP certification permit and appeal jurisdiction is retained by the Commission.

NOTE

In addition to these geographic areas of appeal jurisdiction the following types of development are appealable throughout the coastal zone pursuant to P.R.C. Section 30603 (a)(4) and (a)(5):

1. Any development approved by a county that is not designated as a principal permitted use under zoning approved pursuant to the applicable Local Coastal Program;
2. Any development that constitutes a major public works project or a major energy facility.

In areas where a parcel is bisected by the appeals jurisdiction boundary, only that portion of the parcel within the area defined as appealable is subject to the Commission's appeal jurisdiction.
