## **CONTRACTOR'S STATEMENT OF RESPONSIBILITY**

### **Special Inspection Requirements**

Section 1709 of the California Building Code (CBC) requires that the Contractor responsible for the construction of building elements that are part of the lateral force-resisting system, and which require Special Inspection, submit a written statement of responsibility to the Building Official and the property owner prior to commencement of work on such systems or components.

*This form is intended to assist the contractor in complying with the intent of Section 1709 of the CBC. The Contractor may use any other form to satisfy the mandate as long as the information contained therein is at least equal to the information contained in this form.*

**Please review the following statements and submit the completed form to the City of Arcata Building Official prior to the commencement of construction on such systems or components.**

- 1. I am aware of the special inspection requirements contained in the statement of special inspections from the Engineer or Architect in responsible charge of the structural elements of this project.**
- 2. I will ensure that only State of California Approved Special Inspectors will be authorized to perform the necessary Special Inspections on this project.**
- 3. I will further ensure that a copy of all special inspections will be delivered to the City of Arcata Building Division immediately after inspection, referencing the permit number.**

By my signature, I acknowledge that I have read and that I understand and will adhere to the statements above and the requirements of CBC Chapter 17.
