**RE: SB 742, Intercity Passenger Rail Services: Motor Coach Transportation of Passengers—Notice of SUPPORT**

Dear Senator Allen,

The City of Arcata is pleased to provide this letter of support for Senate Bill (SB) 742, which would amend Section 14035.55 provisions to enable the Joint Power Authorities to pick up and drop off passengers on their Amtrak intercity thruway bus routes without requiring them to have a train ticket as part of their trip.

We appreciate that SB 742 provisions would:

- Increase revenues for the state at virtually no additional cost
- Provide improved access to priority and underserved communities
- Reduce the amount of greenhouse gases and air pollution emissions by diverting trips that would have previously been taken by an automobile
- Provide better utilization of current infrastructure and reduce congestion on some of the state's most congested freeways

California's Amtrak Thruway Bus Network is one of the largest intercity bus networks in the United States connecting over 250 communities throughout California including Arcata. This network is underutilized because of the Section 14035.55 restriction on who can use this network, being limited to only those who ride a train on a segment of their travel. Arcata no longer has train access. By eliminating this restriction, the State could provide transportation services to more people while reducing energy consumption and emissions.

Amending Section 14035.55 could have a very positive effect on California's underserved priority and rural communities by providing a convenient and inexpensive alternative to the rising costs of automobile and airline travel. Connecting these communities to each other and to California's large economic centers would increase safe and affordable transportation options between these communities.

Intercity passenger rail and its associated Thruway bus network is environmentally friendly, and the state has a continuing interest in the provision of cost-effective and efficiently administered intercity passenger rail/Thruway bus services.

We are pleased to provide this letter of support for SB 742 to help move California forward.

Sincerely,

A handwritten signature in cursive script that reads "Michael Winkler".

Michael Winkler, Vice Mayor  
City of Arcata
