

NAME: Camilla Zapata  
OCCUPATION: Healthcare Reimbursement

AGE: 30

I moved to Humboldt County in 2014 to complete my degree in Business Administration at HSU and immediately fell in love with Arcata. I am a business development consultant assisting hospitals with their financial outcomes across the country. I have become increasingly more active in our local community with the intention to help promote and facilitate sustainable environmental and financial practices. I am a board member of Zero Waste Humboldt, a cause I am very passionate about.

My experience and abilities make me uniquely qualified to represent the needs of our community. As we navigate unprecedented times, it is vital that we continue building Arcata's resilience by advocating for policy that supports local economic recovery, while also identifying new opportunities for economic growth. I will work to continue and strengthen Arcata's zero waste policies, always with an emphasis on sustainability. I am dedicated to the advancement of community equity by advocating for individuals not represented in civic discussion and building networks with underserved groups.

With your vote: I will work hard for the citizens of Arcata, and I will always be available to listen to your concerns.
